

Call for Projects Application
FY 19/20

Requesting Entity:

Contact Person(s) Name/Title/Phone/Email:

If submitting multiple applications specify priority: ___ of ___ requests

Project Name:

Project Location:

Project Description: (Include purpose, need, and current status/phase of project)

Project Title:

**Call for Projects Application
FY 19/20**

Funding Breakdown:

Total Project Cost:

Funding Being Requested (current and future years) **and Phase Requesting Funds** (PE, RW, CON):

Sources and amounts of funds committed to the project (state, county, and local):

Prior Funding History: Did you make a similar request last call for projects? Please note project name and amount.

Background/Project Justification: How will the requested funding be used? Please specify each phase: (i.e. Preliminary Engineering, Environmental, Construction, etc)

Leveraged Funding: How will the requested funding be used to leverage outside funding?

Any and All Possible Funding Sources Considered for this Project:

FY 19/20**

Project Status and Schedule

Phase	Quarter/Calendar Year
Project Study Report (or PSR Equivalent)	
Start Environmental Studies	
Draft Environmental Document	
Final Environmental Document	
Begin Design Engineering	
Plans, Specifications and Estimates	
Start Right-of-Way Acquisition	
Right-of-Way Certification	
Ready to Advertise	
Start Construction or Award Contract	
Project Complete or Open for Use	

All projects must be included in an existing planning document.

Please check all that apply and complete table:

	Planning Document	Page/Appendix	Section
	2014 Coordinated Human Services Plan		
	2015 Regional Bicycle, Pedestrian & Safe Routes to School Plan		
	2016 Short Range Transit Plan		
	2017 Regional Transportation Plan		
	Other:		

Additional Documents (if applicable):

- Budget Projections
- Study reports
- Brochures
- Letters of support
- Environmental Documentation (if completed)
- Other

FY 19/20**

Planning Goals

Public Transportation Projects

Does this project:

- Improve convenience and attractiveness of existing transportation system?
- Contribute to operating effectiveness?
- Expand the Capacity of the transportation system or serve new riders?
- Expand mobility options for seniors, people with disabilities, and other not traditionally served?
- Improve access to employment, education, services, and/or community facilities?
- Contribute to cost effective maintenance/rehabilitation of existing investments?
- Support rideshare or commuter service program?
- Increase public awareness for transit and rideshare programs?
- Address a new critical need within the system?
- Exist in a planning document and is identified in the project description?

Bicycle and Pedestrian Project

Does this project:

- Address a bicycle and/or pedestrian network safety deficiency?
- Improve the convenience and attractiveness of the bicycle and/or pedestrian network?
- Provide for/improve the accessibility of the bicycle and/or pedestrian network?
- Improve connections with the existing transportation system?
- Improve access to employment, education, services, and/or community facilities?
- Employ accepted design standards?
- Contribute to cost effective maintenance/rehabilitation of existing investments?
- Exist in a planning document and is identified in the project description?

Transportation System Project

Does this project:

- Improve the safety of truck transportation?
- Promote efficient intermodal connections?
- Improve the efficiency of truck movement?
- Remove physical barriers to truck movement?
- Contribute to cost effective maintenance/rehabilitation of existing investments?

Project Title:

Call for Projects Application
FY 19/20

- Improve the safety and operations of an existing roadway, bridge, and/or intersections?
- Incorporate transit-supportive design features?
- Incorporate bicycle and/or pedestrian supportive design features?
- Incorporate goods movement supportive design features?
- Expand capacity of the system?
- Address travel needs?
- Replace outdated or "end of useful life" facilities?
- Exist in a planning document and is identified in the project description?

Existing Investment

- Improve the safety of the transportation system
- Improve efficiency and reliability of the transportation system
- Coordination with City and County

Community and Economic Development

- Promote equity for all users
- Enhance the region's attractiveness to new and existing businesses
- Support local land use plans
- Increases accessibility to all modes of transportation
- Promotes off street parking strategies
- Encourage tourism by enhancing access to historical, recreational, cultural, and scenic assets
- Planning**
- Promote system continuity and uniformity, especially across jurisdictional boundaries
- Address transportation need associated with new existing regional initiatives
- Advance recommendations specific existing plans
- Considers future development and impacts to existing system

Air Quality and Environment

- Contributes to maintaining and/or improving air quality
- Promote Smart Growth Principle
